

APPENDIX 3

DEMILITARIZATION CODES TO BE ASSIGNED TO FEDERAL SUPPLY ITEMS AND CODING GUIDANCE

DEMILITARIZATION CODES

CODE	EXPLANATION
A	Non-MLI/Non- CCLI -- Demilitarization not required.
B	MLI (Non-SME)-- Demilitarization not required. Trade Security Controls (TSCs) required at disposition.
C	MLI (SME) -- Remove and/or demilitarize installed key point(s), as prescribed in this manual, or lethal parts, components and accessories.
D	MLI (SME) -- Total destruction of item and components so as to preclude restoration or repair to a usable condition by melting, cutting, tearing, scratching, crushing, breaking, punching, neutralizing, etc. (As an alternate, burial or deep water dumping may be used when approved by the DoD Demilitarization Program Office.)
E	MLI (Non-SME) -- Additional critical items/matériel determined to require demilitarization, either key point or total destruction. Demilitarization instructions are furnished by the DoD Demilitarization Program Office and contained in DoD 4160.21-M-1, Appendix 4.
F	MLI (SME) -- Demilitarization instructions to be furnished by the Item/Technical Manager.
G	MLI (SME)-- Demilitarization required - AEDA. Demilitarization will be accomplished and the material rendered explosive free/inert prior to physical transfer to a DRMO or release from DoD control. This code will be used for all unclassified AEDA items.
P	MLI (SME) -- Security Classified Item -- Declassification and demilitarization and removal of any sensitive markings or information will be accomplished prior to accountability or physical transfer to a DRMO or release from DoD control. This code will also be assigned to classified AEDA items.
Q	CCLI -- Commerce Control List Item -- Demilitarization not required. CCLIs are dual use (military, commercial and other strategic uses) items under the jurisdiction of the Bureau of Export Administration, U.S. Department of Commerce, through the Export Administration Regulations. The types of items under the CCL are commodities (i.e., equipment, materials, electronics, etc.), software and technology. The CCL does not include those items exclusively controlled by another department or agency of the U.S. government. (See DoD 4160.21-M-1, Chapter III and Appendix 5).

ASSIGNMENT OF DEMILITARIZATION CODES TO ITEMS IN THE FEDERAL INVENTORY

A. GENERAL DECISION PROCESS FOR ASSIGNMENT OF DEMILITARIZATION

CODES: The following is a decision processing tool, using question and answer, to assist in the assignment of demilitarization codes to supply items. This tool is not intended to be all inclusive, but rather a general guide to code assignment. While general in nature, most supply system items can be properly coded using this tool. Questions regarding the assignment of demilitarization codes should be forwarded to *DoD Demilitarization Coding Management Office, DLIS*, Attn: *DLIS-SBD*, 74 N. Washington Ave., Battle Creek, MI, (*see Chapter I, Attachment 1 for POCs*).

1. Is the item commercially available and not been specifically designed, modified or configured for military use?

- a. If **YES**: Does item appear on the *Commerce* Control List *and fall within the commodity parameters*?

- (1) If **YES** - ASSIGN DEMIL CODE "Q".

- (2) If **NO** - ASSIGN DEMIL CODE "A".

- b. If **NO**: Continue to paragraph 2.

2. Is the item on the U.S. Munitions List (USML), Appendix 1, or; is the item a part, repair part, component, subassembly, key point, etc. of an item appearing on the USML or; does the item have an offensive or defensive capability or contribute to that capability?

- a. If **YES**:

- (1) Is the item classified? If **YES** - ASSIGN DEMIL CODE "P".

If **NO** - Continue to (2) below.

- (2) Does item fit the definition of AEDA? If **YES** - ASSIGN DEMIL CODE "G".

If **NO** - Continue to (3) below.

- (3) If item does not meet criteria of 2a and 2b above, continue to paragraph 3.

- b. If **NO**: Return to paragraph 1 above or call *the DCMO* for additional assistance.

3. Is the item mentioned in the corresponding category of Appendix 4, this manual?

- a. If **YES**: Review paragraphs a., b., and c. of the corresponding category and determine if item(s) are listed.

- (1) If item requires DEMIL by other than DRMO personnel as outlined in Chapter II or because of the nature of the property or because of other ***DoD Component*** directive-ASSIGN DEMIL CODE "F" and prepare specific instructions for DEMIL accomplishment.

- (2) If item is listed in Appendix 4, paragraph A. or as a key point in paragraph B. - ASSIGN DEMIL CODE "D".

- (3) If the item is listed in Appendix 4, paragraph B. - ASSIGN DEMIL CODE "C".

(4) If the item is listed in Appendix 4, paragraph C. - ASSIGN DEMIL CODE "E".

b. If **NO**: ASSIGN DEMIL CODE B.

B. DEMILITARIZATION CODE ASSIGNMENT WORKSHEET. *The following page contains a general worksheet which may be utilized in making demilitarization coding assignments.*

C. DEMILITARIZATION CODE ASSIGNMENT FLOW CHART. *See attached chart..*

D. JOINT ELECTRONICS TYPE DESIGNATION SYSTEM (JETDS). *The attached chart provides the JETDS designators, useful in the identification of military electronics items. The designator provides the type of system on which the equipment is installed, the type of equipment and the equipment's purpose. This information can be critical in determining if the equipment meets the criteria for control or demilitarization found in this Manual. Normally the JETDS designator is incorporated in the item part number.*
